

CONTENDER® 14' AND 18' SPECIAL SERVICES VEHICLES

Terrorism. Natural disasters. Civil unrest. The need for mobile command vehicles in departments across the country continues to rise. Mount an effective, coordinated and sustained response with a Contender® Special Services Vehicle. A self-contained communications center, this vehicle provides vital interoperability and instant coordinated communication between various responding agencies.

The Contender Special Services Vehicle is the smart, common sense solution for fire, police, first responders, military and emergency management personnel who need to take charge of demanding situations. Plus, because it's a Contender by Pierce, it's backed by legendary quality, a nationwide dealer network, world-class technology and the integrity of the leading name in emergency apparatus for more than three decades. Respond effectively and confidently with a Contender Special Services Vehicle.

EXCELLENCE. PERFORMANCE.

MEET INCREASING MOBILE COMMAND RESPONSE DEMANDS WITH LEGENDARY QUALITY AND ADVANCED TECHNOLOGY

With a telephone switching system, a local area network and radio communication workstations, this vehicle provides the ultimate in interoperability between responding agencies. The system also features a pneumatic mast with surveillance camera and video recording system, as well as additional electronics rack space for future communication modifications.
